**WITHOUT LOSS TO THEM**

Soldiers Were On Patrol Duty When Attacked—Parties of Armed Farmers and Merchants Have Gone to Nearby Towns to Try to Capture Some of the Mexicans.

[ASSOCIATED PRESS TELEGRAM] Brownsville, Tex., Aug. 10.—United States cavalrymen and Mexicans fought again today, this time near Mercedes, Texas. One Mexican was killed. None of the troopers was reported hurt.

The fight today was west of the scene of the previous Mexican raids and closer to the border, occurring about 25 miles north of the Rio Grande. It was in Hidalgo county, while the previous fighting has been in Cameron county.

Six United States cavalrymen were on the border patrol duty near Mercedes when the Mexicans attacked. Absence of news early today of horses from the attacking party. Parties of armed farmers and merchants have gone from Mercedes and other nearby towns to try to capture some of the Mexicans.

Absence of news nearly today of further trouble on ranches in this vicinity since the battle of Sunday between soldiers and Mexican bandits at Norias, had encouraged local officers in the belief that the presence of additional soldiers was having the effect of dissuading the bandits from undertaking further depredations.

The four companies of United States soldiers which arrived yesterday were stationed today at Sebastian, Raymondville, San Benito and Harlingen.

Soldiers, state and county officers and posses of armed citizens continued searching for the raiders who escaped after the fight at Norias.

## VIGILANTES

**On Arizona Border Organize Against Mexican Cattle Thieves.**

[ASSOCIATED PRESS TELEGRAM] Nogales, Ariz., Aug. 10.—A vigilance committee has been formed among the ranchers on the American side of the border of the San Rafael valley, 25 miles east of here, to maintain a day and night guard over their stock against raids by Mexican soldiers. During the last week it is said, 500 head of cattle and horses have been driven across the line into Mexican territory. The ranchers have also made an appeal for protection to the United States cavalry troops along the border.

The forces under General Galles investigating Nogales are camped at Santa Cruz, 14 miles from San Rafael. The continuance of the attack on Nogales may be delayed another week because of the difficulty in repairing railroad bridges.

C. P. Clark and J. King, American aviators attached to the Villa garrison were severely injured yesterday when an aeroplane, which they were testing, fell.

**BRITISH CRUISER TOPEDDED TODAY**

[ASSOCIATED PRESS TELEGRAM] Berlin, Aug. 10.—(By wireless to Saville.)—The British auxiliary cruiser India, of 7900 tons, has been torpedoed off the Swedish coast. Eighty members of the crew were saved.

## HEAT CAUSE OF

**DEATHS IN SPAIN**

[ASSOCIATED PRESS TELEGRAM] Madrid, Spain, via Paris, Aug. 10.—Several deaths have been caused at various points in Spain by a heat wave of unusual intensity. The temperature rose to 133 degrees Fahrenheit in the sun at Seville and 108 at Madrid. A man who became insane from the effects of the heat ran through the principal streets of Madrid and injured a number of persons before he was overpowered.

## TYPHOID

**Has Broken Out Among The Impoverished Miners In Hocking District**

**NUMBER OF CASES APPARENTLY GROWS**

**Improper Food and Questionable Milk and Water**

**ARE PREVAILING CAUSES**

Epidemic Will Spread Unless Prompt Measures Are Resorted to By Authorities—Kentucky Coal Operator Offers Work at \$3 Per Day, But His Mines Are Non-Union.

[ASSOCIATED PRESS TELEGRAM] Columbus, Aug. 10.—Typhoid fever has broken out among the idle and impoverished miners of the Hocking district, according to reports brought to Columbus today by Lieutenant L. W. Scofield and Captain H. S. Jyer, national guardsmen, who have been in and about Glouster and other places distributing relief. The officers were unable to estimate the number of cases, but said they were numerous and apparently growing.

Improper food and a questionable water and milk supply is given as the probable cause of the outbreak. There is an especially large number of cases in and near Glouster, the guardsmen said.

In one family living near Glouster, where typhoid had appeared, a mother and five children were found almost destitute. The father of the family had had no work for 15 months. The epidemic will spread, it is feared, by the officers who brought the news here.

J. M. Roan, head of the state mining department is arranging for a conference with federation of labor representatives tomorrow night with a view to giving greater relief to the miners.

E. P. Merrill, a Kentucky coal operator, was in Columbus today to meet state officials. He said he had a plan to hire 200 miners at \$3 a day at the mines of the Pond Creek company, Kentucky. Thus far, he said he had been unable to get men from the Hocking district, because his mines were non-union.

**MRS. A. G. VANDERBILT COLLECTS CLIPPINGS LUSTANIA'S SINKING**

[ASSOCIATED PRESS TELEGRAM] New York, Aug. 10.—Ten volumes of 100 pages each containing newspaper clippings on the sinking of the Lusitania have just been completed for Mrs. Alfred G. Vanderbilt, whose husband was one of the victims of that tragedy. The volumes are designed as a memorial to Mr. Vanderbilt and it is said that eventually they will be given to the library at Yale university.

# Warships In Readiness to Leave For Mexican Waters, Account Of Serious Anti-Foreign Outbreaks

[ASSOCIATED PRESS TELEGRAM] Washington, Aug. 10.—Serious anti-foreign demonstrations reported today to the Washington government from Vera Cruz gave state and navy department officials considerable concern, particularly in view of the Pan-American conference to be resumed in New York tomorrow, to devise means for restoring peace in Mexico.

Advices from Commander McNamee, at Vera Cruz, depicting a threatening situation at the seat of Carranza's government, led to a conference between Secretary Lansing, Rear Admiral Benson, Acting Secretary of the Navy, and Leon J. Canova, chief of the division of Mexican affairs.

Commander McNamee's report had at first been regarded as warning enough to warrant sending naval forces to Vera Cruz and preliminary orders have been given to the battleship Louisiana and New Hampshire at Newport to make ready.

Deliberation on the situation, however, resulted in the determination to await further reports before dispatching of any battleships there being a genuine desire of administration officials to do nothing to stir up feeling that might be embarrassing to the Pan-American conference.

An order was sent, however, directing the Gunboat Marietta to proceed at once from Progresso to Vera Cruz, a distance of about 360 miles. Rear Admiral Benson explained that the Marietta might be utilized to convey the Brazilian and Guatemalan ministers in Mexico City to New Orleans.

Commander McNamee reported that natives have made incendiary speeches in the streets of Vera Cruz against Americans and other foreigners, that there has been numerous endeavors to incite uprising although no overt act has yet been committed.

Secretary Lansing will leave for New York tonight to resume deliberations with Latin-American diplomats tomorrow. The secretary would not discuss the situation today, asserting that he had "talked considerably yesterday" about a confidential conference. Whether the definite plan agreed upon could be fairly worked out in one more session of the conference, Mr. Lansing would not predict.

The Guatemalan minister to Mexico reached Vera Cruz last night from the capital and went aboard the gunboat Sacramento. The Brazilian minister today is enroute from Mexico City to Vera Cruz, where he will arrive tonight and also board the Sacramento. The two diplomats probably will remain on the gunboat until the gunboat Marietta reaches there from Progresso to bring them to the United States.

While much speculation continues on what definite plan of action has been agreed upon by the Pan-American conference the feeling is growing among those well-informed on the Mexican situation that it contemplates forceful action if General Carranza does not yield to the preliminary proposal for a conference of all the factions.

Preparations for forceful action are evident in the army and navy, but it is apparent that they are being held back by the influence of the state department which does not want to accompany the negotiations

with a show of force and is working to use the military branch of the government only as a last resort. The departure of the battleships New Hampshire and Louisiana is being delayed for this reason.

The battleships New Hampshire and Louisiana now at Newport, R. I., with the Atlantic fleet, were ordered to prepare at once to get to Vera Cruz, but if the emergency should become pressing, the battleship Connecticut, now in Haitian waters, and about two days' sail across the gulf would be ordered to join Commander McNamee. The Connecticut could reach Vera Cruz several days ahead of the New Hampshire and Louisiana.

Commander McNamee's report did not give details, but officials here believe the anti-American feeling which he reported is a direct outgrowth of the Pan-American negotiations in Washington for the adjustment of differences between the factions. Other developments in Mexico, such as General Carranza's expulsion of the Guatemalan minister and his differences with the Brazilian minister because the countries of both participated in the Pan-American conference, are taken as evidence of Carranza's displeasure with the stand the United States has taken.

Although there are other small naval vessels in Mexican waters, the gunboat Sacramento, on which Commander McNamee has his flag, is the only American naval vessel at Vera Cruz. With the arrival of the Louisiana, the flagship of the fourth division of the Atlantic fleet, Commander McNamee will be superseded. (Continued on Page 3, Col. 4.)

## Mystery Surrounds Shipment Of Millions In Gold Coin From England, to J. P. Morgan Co.

[ASSOCIATED PRESS TELEGRAM] New York, Aug. 10.—Considerable mystery surrounds the shipment from England to this country of a large amount of gold, the sum being variously estimated at \$15,000,000 to \$25,000,000. The gold which probably takes the form of American eagles, is being trans-shipped from Halifax, to which port it was taken by a British steamer presumably under government convoy, to this city by special train.

J. P. Morgan & Co. are the consignees, but the bankers refuse to give any information regarding the

transaction, stating that such details ought to come from London, where the shipment was arranged in response to the extraordinary exchange conditions between that center and this city.

At the sub-treasury it was admitted that a request had been received to take care of a large amount of gold now on the way from Canada, but the sum involved was not known. The American Express company, which has charge of the gold from Halifax to this city, declined to give any particulars of the shipment on the ground that such a course would be unwise at this time.

## GERMAN FORCES OCCUPY LOMZA

[ASSOCIATED PRESS TELEGRAM] Berlin, Aug. 10.—(Via London.)—Fort No. 4, at Lomza, has been stormed and the town of Lomza, which is situated on the Narew river, 72 miles southwest of Suwalki, has been occupied by German forces, according to an official statement issued by the German army headquarters staff today.

## AIRSHIPS IN BRITISH RAID; 13 ARE DEAD

[ASSOCIATED PRESS TELEGRAM] London, Aug. 10.—An attack by German airships which flew over the English coast last night was announced today by the official press bureau. The statement says one of the airships was damaged by British aeroplanes and was towed into Ostend.

According to official announcement, eight women, four children and one man were killed, and six women, four men and two children were wounded as the result of the explosion of missiles dropped by the Zeppelins.

## SHORT TERM

**APPOINTMENTS OF MINORITY MEMBERS OF LOCAL LIQUOR LICENSING BOARDS**

**Announced for Thirty-three Counties—New License Law Will be Effective September 5th.**

[ASSOCIATED PRESS TELEGRAM] Columbus, Aug. 10.—The state liquor license commission today announced the appointment of minority members of local license boards in 33 counties, owing to the fact that tomorrow the terms of the minority members will expire. In only nine of the 33 appointments, however, are the present minority members supplanted. But the tenure in all instances is only until September 3, when the new state license law becomes operative. District license officials then will be named by a board of county officers.

Advantage of the short tenure is given to Republicans who succeed five Republicans and four Progressives in the nine instances in which new appointments are made. In Franklin county, when the place of a resigned majority member, or Democrat, was to be filled, the appointment went to Clark C. Daugherty, a "True Democracy League" Democrat.

Here are the new minority appointments: Athens, William Sturgill, vice Dr. J. M. Higgins, Republican; Anguize, John F. Moser, vice J. F. Cozad, Republican; Darke, Gladden Searle, vice G. E. Morningstar, Progressive; Fairfield, Grant Griffith, vice Felix Swope, Progressive; Hocking, W. H. White, vice James Thomas, Progressive; Richland, William H. Hahn, vice Jacob Reinhardt, Progressive; Ross, Henry C. Brandle, vice Albert C. Promm, Republican; Stark, Frank Marburger, vice Charles A. Dougherty, Republican; Warren, Frank P. Percy, vice Frank C. Anderson, Republican.

In the following counties the incumbents are retained: Ashland, Columbusiana, Coshocton, Delaware, Defiance, Erie, Franklin, Fulton, Hardin, Jackson, Jefferson, Lawrence, Logan, Madison, Mahoning, Medina, Meigs, Pike, Sandusky, Scioto, Shelby, Tuscawassa, Union, Wayne.

The state commission announced the appointment as its chief clerk, E. G. Staicer, Republican, of Marion, to succeed Frank Switzer, Democrat of Canton. The salary of this position was \$3,600 a year until July 1 of this year, when it fell to \$2,000 by virtue of the provisions of the new appropriation bill. It will be \$2,000 under the new license law which is effective September 3.

## PRISONERS WORKING ON THE RAILROADS.

## SUFFERING

**Americans In Mexico City Send Appeal for Aid To State Department**

**CONDITIONS ARE UN- ENDURABLE**

**Victims of Hunger, Cruelty and Violence**

**PROMPT ACTION NEEDED**

And Those Sending the Appeal Declare a Grave Responsibility Now Rests Upon the American Government, if the Continuance of These Outrages is Permitted to Go On.

[ASSOCIATED PRESS TELEGRAM] Mexico City, July 29.—By courier to Vera Cruz.—Via Laredo, Tex., Aug. 10.—An appeal for help for Americans in Mexico and for the relief of the people of the country itself was sent today by the American Society of Mexico to the state department in Washington, through the Brazilian minister. It recites conditions in the Mexican capital, which are described as unendurable, and which are declared to have driven Americans here almost to desperation, and implores the Washington government to act promptly in bringing about amelioration.

"The American residents of Mexico appeal once more to their government and people in behalf of the suffering millions of pacific men, women and children in this country who are victims of hunger and cruelty and violence," the appeal begins. "These conditions put the gravest and most pressing responsibility upon the United States, which not only has passively permitted them but has promoted them with arms and ammunition and by encouragement to political adventures who have prostituted the name of liberty and the cause of human rights."

"Americans and other foreigners," the appeal continues, "stand aghast and wonder whether they can be living in the twentieth century and in a country bordering on the United States, which has made itself responsible to the world for protection of life and property here and yet does nothing more than send repeated warnings that are derided by half-savage men, drunk with ill-gotten power and the spirit of graft and hate."

"For many months the Americans here, driven almost to desperation, have tried to bring their government to a realization of the awful situation and begged that the American people be informed. Their request, long denied, was finally conceded in part by the President in his own statement of June 2, reciting briefly the conditions in Mexico."

"These conditions, then hardly endurable, are much worse now and the apparent inactivity of the government at Washington fills Mexico with despair. There is not even a semblance of government here at the capital and we are living on a smoldering volcano. The entire city council has been imprisoned without cause. We have seen three changes or armed government in thirty days. There is no communication with the world except by special messengers."

"It has been rumored frequently that Italy would send troops to assist France and England in the Gallipoli operations, but thus far, such reports have not been borne out and the Porte and Rome maintain surface relations of nations at peace."

"For Germany's reported peace overtures to Russia, the British press finds only sarcasm. Virtually all papers reiterate editorially what officials have stated so often that there can be no peace until the allies have gained victory. It is believed generally in England that Germany is willing to conclude peace as matters stand, but the burden of all written and spoken comment is that such a situation would be impossible, from the standpoint of the allies."

"The Balkan situation is still chaotic. Dispatches from Saloniki say that the Austro-German plan to strike again at Serbia, already has found expression in a concentration of Teutonic forces along the Serbian frontier. It is said 100,000 men have been massed near Orsova, Hungary, which may be the forerunner of the predicted campaign through Serbia for the relief of Turkey. Italy as yet has not declared war on Turkey, but Athens reports that Italian consuls are leaving the Ottoman empire, entrusting their affairs to their American colleagues. If this be true, it probably means that impending developments in the Balkans dictated the action of Italy."

[ASSOCIATED PRESS TELEGRAM] Tulsa, Okla., Aug. 10.—A severe electrical storm today caused a loss of more than \$250,000 in the oil fields near Tulsa. The sky was illuminated for miles by burning oil tanks. The Gulf Pipe Line company lost two 55,000 barrel tanks and six 1600 barrel tanks. Many other losses also were reported by various oil companies.

## New Serum Discovered That Has Produced Remarkable Cures On French Wounded

[ASSOCIATED PRESS TELEGRAM] Paris, Aug. 10.—What are described as remarkable cures of wounded French soldiers have been effected by the new polyvalent serum, discovery of which was announced last March. Complete recovery is announced of men who were terribly mutilated and for whom all hope had been given up before the use of the serum, so badly infected were their wounds.

Doctors Le Clainche and Vallee, the discoverers of the serum, have been unable up to the present to make more than 2,000 flasks of it daily, most of which does not reach the hospitals where the worst cases are to be found. When it can be made in sufficient quantities, to supply the firing line where it would be used preventatively as anti-tetanus serum is now used, it is believed that thousands of lives can be saved. The new serum which may be roughly described as a combination of a number of serums against different varieties of bacteria has been put to practical use only recently. Experiments with it were made previously in a Paris laboratory. It was then used by Dr. Burgenon at the Buffon hospital and afterwards more widely distributed.

**Of Germany Dispersed And Damaged by the Riga Shore Batteries**

**LAND MOVEMENT IS ALSO CHECKED**

**British Gain On the West Front Reported**

**GERMAN PEACE OVERTURE**

Treated Sarcastically By English Press, Which Reiterates the Position That There Can Be No Peace Without a Decisive and Complete Victory for the Allies.

[ASSOCIATED PRESS TELEGRAM] London, Aug. 10.—Although military operations in Russian Courland have hardly reached the decisive stage, the Germans who have been smashing their way toward Riga, have been checked. Almost simultaneously, German warships which attempted to seize the Gulf of Riga and attain a strategic position to assist the troops ashore, were dispersed and damaged. The assemblage of German craft was the largest of any engaged in the naval actions of the war thus far, with the exception of the allied squadron at the Dardanelles. It noted its way towards Riga much after the manner of the British ships ranged off the Belgian coast last fall. The fact that the German warships were forced to retire is a source of satisfaction to the British press, which finds encouragement in the resistance of the Russians in this northern theatre in contrast to their retirement elsewhere. The British advance in the vicinity of Hooge, while not comparable with the tremendous actions in Poland, marked the most important engagement in which the British army has figured since the battle of Festubert in May. The gain was small and still has to be maintained against the almost inevitable German counter attack.

The Balkan situation is still chaotic. Dispatches from Saloniki say that the Austro-German plan to strike again at Serbia, already has found expression in a concentration of Teutonic forces along the Serbian frontier. It is said 100,000 men have been massed near Orsova, Hungary, which may be the forerunner of the predicted campaign through Serbia for the relief of Turkey. # WAGE INCREASE GIVEN MEN BY MUNITIONS CO.

(ASSOCIATED PRESS TELEGRAM)  
Gary, Ind., Aug. 10.—Employees of the Aetna Chemical Company, the Aetna Explosive company of New York, which operate plants at Aetna, a suburb of Gary, Thebes, Illinois, and Ishpeming, Mich., have been granted wage increases of fifty percent. It was announced today.

According to the announcement, the employees will be granted a further increase of fifty percent. If the European war lasts beyond December of this year.

Effective August 1, the employees were given a voluntary increase of 10 percent in wages and a similar monthly increase will be made for five months. If, at the end of that period, the war still permits, and the experiment is a success, monthly advances will continue until June 1, 1916, when the workers will be receiving 100 percent over today's wages.

Several thousand men will share in the increases.

# AUSTRIAN TROOPS FROM RUSSIA, ON ITALIAN FRONTIER

(ASSOCIATED PRESS TELEGRAM)  
Geneva, Switzerland, Aug. 10.—(Via Paris)—The appearance on the Italian front of Austrian troops released from the Russian campaign, is announced by the Tribune. In a dispatch from Laibach, Austria, these troops, to the number of 30,000, equipped with artillery sufficient for two army corps, attacked the Italians yesterday outside of Gorizia. The Italians brought up additional artillery and after a battle of fifteen hours, the dispatch says, forced the Austrians to retreat into Gorizia, leaving 2,000 dead on the battlefield.

The Italians are said to have gained an important point strategically by joining forces between Romans and Dobrodo, south of Gradisca.

The Austrians endeavored in vain to prevent this junction, losing heavily in the effort.

The bombardment of Rovereto continues.

First row—L. S. Myers, Akron; Donald R. Acklin, Perryburg; C. K. Paterson, Piketon; D. D. Snider, Etna; this county; John Begg, Columbus Grove. Rear row—T. D. West, Perry; Dr. J. W. Kirtz, Cincinnati; C. A. Branson, Cadiz; Newton D. Bunnell, Lebanon; and R. D. Williamson, Xenia.

The board will have larger powers and greater responsibility than any other such board that ever held office under the state government. The first great task to devolve upon its hands will be the selection of the state fair.

# GERMAN PAPERS CALL ENGLAND REAL CRIMINAL

WHO PLUNGED THE WORLD IN  
TO WAR FOR SELFISH  
MOTIVES

Machinations of British Diplomacy  
in Belgium are Cited—News  
Items from Berlin.

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Aug. 10.—By wireless to Sayville.—The following news items were given out for publication today by the Overseas News Agency:

"The Vossische Zeitung and the Berliner Tageblatt comment at length on the latest official publication of Belgian diplomatic reports found in Brussels. They say these documents prove conclusively that England prepared systematically for the great European war by drawing closer and closer the previously loose meshes of the diplomatic and political net about Germany, frustrating all attempts of the German emperor's government to maintain peace. England is the real and unscrupulous criminal who plunged the world into a carefully-prepared war for the most selfish motives—envy and fear—and as an enemy prepared plans directed against the safety of German troops and Germany's industrial and commercial development."

"It is the conviction of German officials that the military negotiations begun by the British military attaché at Brussels, Colonel Nathaniel W. Barnardiston, were private conversations between military men which were shared by Belgian diplomats."

The Vossische Zeitung says that the normal responsibility for the colossal slaughter rests almost entirely upon England's shoulders.

"After the army of Prince Leopold of Bavaria occupied Warsaw a proclamation was issued, announcing that the Germans would preserve order and the public peace, and would conduct war only against hostile armies and not against peaceful citizens. The prince as a matter of precaution, was compelled to take as hostages the heads of the civil administration and some other prominent citizens. The inhabitants of the city may protect the lives of these hostages by informing the German military authorities of all hostile plans which might endanger the troops. These precautionary measures were taken to prevent a repetition of the unpleasant experience at Louvain and Brussels."

"On Sunday for the first time since the beginning of the war, the Berlin stadium opened its doors for bicycle races and swimming tournaments. They were a great success. Among the spectators were many wounded soldiers."

"The Gladbach textile works has declared a dividend of 20 per cent."

**Rheumatism**  
A Home Cure Given by One Who Had It  
In the spring of 1914 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but each time I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous remedy. It is a simple, safe, and effective means of curing this rheumatism, you may send for it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

# KEEP AWAY THOSE GRAY HAIRS WITH SAGE TEA

With Sulphur, it Restores Natural  
Dark Shade. Guaranteed.

Sage Tea, combined with Sulphur, has been the favorite remedy for generations for darkening gray hair. Instead of trying to make the mixture yourself, you get a bottle of Sulphur-Sage. Druggists say it contains all of the virtues of the second-aided preparation, plus other valuable ingredients.

No matter how long you have been gray, Sulphur-Sage will turn back the rich dark shade evenly and perfectly, leaving it glossy, lustrous, and youthful looking. Entirely harmless. No one will know you are using Sulphur-Sage. It removes dandruff and keeps the scalp cool and healthy. Guaranteed by W. A. Evans, 100 South Third Street, Newark, N. J. and of town orders filled by Parcel Post.

**Field's Minstrels.**  
Al G. Field, with his Greater Minstrels, now offers what would formerly have made up three or four minstrel shows. There is this year the great spectacle The New Orleans levee, with the Robert E. Lee and the Natchez at dock. Following this is the historic race between the Robert E. Lee and the Natchez, that classic of minstrelsy. The first part is laid in the cabin of the Robert E. Lee. All this is intensely American, bringing to the minds of the men of today the romance, color and glamour of the America of yesterday.

The minstrel first part which contains humor, dance and song in abundant quantities, is followed by four remarkable tableaux which are very timely, in that they make every American think of what lies behind us and what may lie before. In these days, when the world is at war, and there is talk that America may be drawn into the trouble, a stage reproduction of "The Spirit of Seventy-six," the famous picture of Revolutionary days, is appropos. It is followed by a marvelous vision of Washington Crossing the Delaware. Another showing of veterans of the Civil War, and the children of today, is called "Peace," and breathes the prayer that we may continue to enjoy peace. The last, "Our Country," reminds us that, if battle we must, our army and navy stands between us and the foe.

All of these stimuli for the hearts of true Americans, served with the best of the new music, will be seen in the Al G. Field Greater Minstrels at the Auditorium. Matinee and night, Saturday Aug. 11.

# ALLIES RESUME THEIR ATTACKS IN DARDANELLES

(ASSOCIATED PRESS TELEGRAM)  
Paris, Aug. 10.—The allied forces have resumed their attacks upon the Turkish positions at the Dardanelles with great vigor during the last two days and have made sensible progress on the Gallipoli peninsula according to a Haval dispatch received from Athens. The Turkish losses have been heavy. Simultaneously the allied fleet bombarded the Turkish positions on the Dardanelles, inflicting severe damage upon their defense works.

# FRENCH REPORT ENEMY ATTACKS WERE REPULSED

(ASSOCIATED PRESS TELEGRAM)  
Paris, Aug. 10.—The French war office this afternoon gave out a report on the progress of hostilities, which reads:

In the Artois, north of the north of the Somme, railway station, the Germans last night delivered two attacks in which they made use of bombs. They were driven back to their trenches by our fire.

In the Argonne, on the eastern part of the forest, last night witnessed a cannonade and rifle firing, but with no infantry engagements. There was also fighting with bombs and hand grenades at Vauquois.

In the forest of Lepretre the enemy, after a violent bombardment attacking our trenches in the vicinity of La Croix-Des-Bois, but they were checked by a certain fire from the French troops. During the night a further attack accompanied by a bombardment of shell, containing asphyxiating gases, also was checked by our artillery.

In Lorraine a reconnaissance made by the enemy against the station and the mill at Moncel was easily repulsed.

The night passed quietly in the Vosges.

Cincinnati, N. H., Aug. 10.—President Wilson is planning, it became known today, to confer with Secretary Redfield, soon after reaching Washington and to go over thoroughly all the facts connected with the Eastland disaster in Chicago, in order to learn whether any federal official was in any way to blame for the loss of life resulting from the overturning of the excursion steamer. Although the president has received several communications from Mr. Redfield since the latter went to Chicago to investigate the disaster, he is awaiting his return to the capital before coming to any conclusion.

On the president's inquiry will depend whether he will recommend to Congress any legislation for the purposes of further safeguarding the lives of passengers on steamers.

# CITIZENS HELD AT BAY WHILE ROBBERS BLEW BANK VAULT

(ASSOCIATED PRESS TELEGRAM)  
Maple Hill, Ind., Aug. 10.—Several robbers here more than one hundred citizens at bay today while companions blew open the vault of the Maple Hill state bank and escaped with \$50,000. It is believed there were seven men in the band.

The first explosion aroused citizens, who when they reached the street were met by armed men who forced them to remain quiet until six charges of the explosive had been fired.

When the vault had been rifled the band disappeared in a heavy fog which prevailed.

# MARINES LEAVE FOR HAITI ON BOARD WARSHIP

(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, Aug. 10.—Carrying 862 marines, the United States cruiser Tennessee sailed from the Philadelphia navy yard today for Haiti. Col. W. T. Waller and his staff sailed on the Tennessee.

Colonel Waller will assume command of all the United States marines in Haiti. The marines that left here today will reinforce those now in Haiti under command of Rear Admiral Caperton.

The ship carries rough supplies for a three months' campaign. Ensign D. D. Burrell of the Tennessee, whose home is in Texas, was stricken with appendicitis last night and was operated upon in the naval hospital. He will recover.

# GOVERNMENT TROOPS LEAVE PORT LIBERTE, CAPERTON REPORTS.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 10.—Evacuation of Port Liberte by the Haitian government troops and the departure of the gunboat Castine for St. Marie, where an uprising was recently reported, were announced by Rear Admiral Caperton, in a report to the navy department today.

The Haitian tug Nord Alexis, which recently put into Port Au Prince carrying a number of native troops has now left for Cape Haitien. The soldiers were disarmed. Men whose homes are in the vicinity of Cape Haitien left on the Alexis.

Port Au Prince, Cape Haitien and Port Au Paix were reported quiet.

# NEWARK EMPLOYEES NOT AFFECTED BY TURNER'S RULING

Attorney General Turner's ruling given in Columbus yesterday that state, county and municipal job holders who are serving after taking a non-competitive examination, will automatically lose their positions Sept. 1, unless provisionally appointed, will have little effect on the city employees here, according to information given out at the city building today.

In most of the cases, clerks and deputies in the city building are exempted by the section of the law which gives each department head the right to name one deputy or chief clerk. In none of the departments are more than one clerk or deputy employed, except where the appointees have taken the competitive examinations.

Some of the employees of the service department, laborers, etc., might be affected by the decision, though this could not be determined Tuesday.

Dear Editor—Go where you will in any part of the city of Newark you will notice that the citizens are beautifying their residences and door yards with paint and flowers and shrubbery and a free use of the lawn mower. Such care and attention is so noticeable that strangers visiting our city frequently make favorable mention of this fact.

In beautifying the city in this way the cost is minimum and the results maximum. The little leaves put in the meal by the Locust Street Beautifying Society less two years ago has not only transformed the street in many sections from unkempt and untidy appearances to the most beautiful and attractive, but in all parts of the city one will see neighbor vying with neighbor and neighborhood with neighborhood in making their homes attractive and inviting.

Another matter that needs attending to in some parts of the city is the matter of trimming shade trees. The limbs of trees should not be permitted to lop so low as to strike umbrellas and hats of pedestrians on the side walks and the tops of carriages and autos on the street proper. After all, the appearance of a city depends in a great measure on the thoughtful care each individual gives to his own dwelling.

# True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these organs, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues and joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face. They are not to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'Sentinel tablets'—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

# Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unstightly eruptions, pimples, blotches, sallowness or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which do little or nothing to remove the cause. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is effective, as it is harmless and quick acting. As an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentinel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only take about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action is so gentle, so soothing, so refreshing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

# BIG AMERICAN HANDICAP MEET

## AUGUST 16-20

By Samuel Wesley Long.

Within a few short weeks, to be particular, Aug. 16-20, the eye of the trapshooting clan will be focused on Chicago, Ill., where the Sixteenth Grand American (Trapshooting) Handicap will be held, the exact site being Grant Park, on Lake Michigan.

WOOLFOLK HENDERSON.

As Admiral Schley put it with reference to the Spanish-American naval shooting match at Santiago, "there is glory enough to go around"—or something like that—so it always is at the G. A. H., for there is a degree of "glory" in just being on the firing line of the big shotgun battle. But there are several titles to be contested for that are worthy of the best in any man. Among the important events are: The National Amateur (single-target) Championship, National Amateur (double-target) Championship, Preliminary Grand American Handicap, Grand American Handicap and the Consolation Handicap. To these may be added high-average, introductory and several other lesser honors.

So far as the writer has knowledge of the game, no dopest has ever been held enough to predict, weeks in advance, who would likely annex any of the mentioned trapshooting titles. That such prophetic dope is hazardous in any department of sport is proved by the lost reputations of base ball scribes who have essayed naming National or American League champions. Yet the chance of being branded as a false base ball prophet is one that Lloyd's would likely underwrite at a moderate premium compared to the "war risk" which would be demanded in the case of the seer who searched the trap firmament in quest of shooting stars of the several magnitudes.

Now, let it be clearly understood that I am not making predictions as to who will win any of the titles described, and most certainly not any particular title, but there are four men whose record-breaking work with the shotgun during 1914-15 makes them most likely candidates for top and near-top honors; therefore, Mr. Chairman, we place in nomination the names of Charles H. Newcomb, of Philadelphia, Pa.; George L. Lyon, of Durham, N. C., and New York; Alden B. Richardson, of Dover, Del., and Woolfolk Henderson, of Lexington, Ky.

Newcomb is state champion of Pennsylvania, winning with a score of 98 out of 100. His average of .9555 for the year 1914 was made by breaking 3808 targets out of 3985 shot at in registered tournaments. Lyon won the 1915 New York Athletic Club's national amateur championship, breaking 192 out of 200. He also won the preliminary, with 191 out of 200 targets. Another win was second honor in the 1915 Southern Handicap, scoring 95 out of 100. Lyon's average for 1914 was .9327, made with 2761 breaks out of 2960 shots in registered meets. Richardson's 1914 average was .9380, or 2345 targets smashed out of 2500 shot at in registered events. Henderson led the quartette with an average of .9663 registered targets. However, his 1914 broken targets out of 2050 shot at were smaller totals, both in possibilities and scored shots, than in the case of any other of the three shooters named. At present Henderson holds three championships won at the 1914 G. A. H. They are the grand American handicap, amateur (single-target) championship and amateur (double-target) championship. While this record is plenty good enough to retire on, yet Henderson, naturally, wants to repeat the performance if possible.

A mere glance at the exploits of these shooting-iron warriors gives a line on what may confidently be expected of them when the realization of the ambition of a lifetime is at stake.

# GRAND CIRCUIT RACE PROGRAM; MONDAY'S CARD

(Associated Press Telegram)

Grand Rapids, Mich., Aug. 10.—The trotting division of the Matron stake and a 2:08 trot for a purse of \$5,000, were the principal events on the Grand Circuit race program here today. Peter Scott, King Clansman, Worthy Prince and other fleet horses were entered in the \$5,000 trot. The Matron stake event was worth about \$8,000. Horsemen looked for a repetition of yesterday's splendid racing conditions, but none for the defeat of so many heavily-played favorites.

The feature event of the races Monday, the 2:14 trot for the Grand Rapids Railway stake of \$3,000, was won by Miss Directed, an outsider. Mirthful, a heavily played favorite, won only one heat. The Matron stake for three-year-olds, was won in straight heats by General Todd. Miss Harris M., the favorite, finished second in each heat. Abell M., another outsider, finished the winner in the 2:10 trot after four great heats. Guy Nella, generally picked to take the race, came second.

# UMPIRE QUIGLEY NOT BADLY HURT IN GAS EXPLOSION

Chicago, Aug. 10.—Umpire E. C. Quigley, who was injured painfully when a gas stove exploded in the umpires' quarters of the National League baseball park yesterday, was resting easy last night and will be back in the game within a week or ten days, according to his physician.

Quigley was preparing to heat water for a bath to follow the game, and had just turned the gas on full force when the explosion occurred. He was hurled the length of the room and rendered unconscious.

Umpire Hank O'Day heard the explosion and rushed into the room and turned off the gas. Quigley did not regain consciousness until he was removed to the West Side Hospital, a block away.

Those Dear Girls,  
Alice (just engaged)—What do you think Jack said to me last night? That if he had to choose either me or \$10,000 he wouldn't look at the money.

Marie—Dear, loyal fellow! Wouldn't like to risk the temptation, I suppose.—Boston Transcript.

# OHIO GRANGERS' GREAT REUNION SEPTEMBER 1-2

The State Grange has arranged for a reunion at the Ohio State Fair this year covering two days—Wednesday and Thursday, Sept. 1 and 2. As is well known, new life and new blood have been infused into the grange organization in the state. For several years the membership has been mounting up and it is now an important factor in matters agricultural in the state, with which wide-awake and aggressive farmers are anxious to become identified. Hon. L. J. Taber, the master of the State Grange, has issued a call for the reunion, and the management of the State Fair has encouraged it by offering prizes for largest attendance. There are three such prizes offered. For the largest attendance from any local grange in Franklin county a silk flag is offered. Franklin county granges have an advantage due to location; that, of course, puts them in a class by themselves. The second prize offered is also a silk flag to be given to the grange in any other county within fifty miles of Columbus that records the largest attendance. The third is a silk flag to be given to the grange located outside the fifty-mile limit from Columbus. Registration will be the test, and so all visiting members of the grange should be sure to register their names and the names and numbers of the granges of which they are members in the book that will be provided at the reunion headquarters. Actual registration will decide the awards of the flags. These trophies will be exactly alike, of fine quality and similar to the trophy given to the champion speller of the state, as decided by the State Spelling Bee held a few months ago under the direction of the state agricultural commission.

There will be a number of notable addresses at the grange reunion—all well worth hearing, and on topics of special interest to farmers. Master L. J. Taber has invited the national grand master, Mr. Wilson of Illinois, and State Master McSparran of Pennsylvania to attend the reunion and speak to the Ohio Grangers, and both have accepted the invitation. The best program ever presented by the grange at the State Fair is now assured. Mr. Taber, the master of the Ohio Grange, will be in charge of the meeting.

In his call the state master states that the last six months have constituted the greatest period of grange growth in forty years. In that time sixty-six granges have been established and more than six thousand farmers, their wives, sons and daughters have become members.

Governor Willis has also accepted an invitation to attend the grange reunion to speak. A score of Ohio field workers will be called into action at the reunion. The reunion is to be held at Grange Hall on the fair grounds. Members of the grange who visit the fair are urged to find their way to this hall immediately upon reaching the ground and make themselves known by registering.

**Fine Program.**

A fine program for the two days has been arranged. On the first day, the exercises beginning at 1:30 p. m., Mrs. Harriet Dickson, lecturer of the State Grange and quite well known to members of the order generally, will be introduced as president of the day. There will be a round-table discussion of the subject, "The Grange and the Home"—those taking part after the discussion is open being Dr. Mary Anderson, John Cunningham, E. M. Kilberry, John Begg, C. F. Green, George E. Scott, George T. Watts and E. F. Cranz. The afternoon exercises will be closed with an address by Hon. John A. McSparran, master of the Pennsylvania State Grange.

On Thursday, the second day of the reunion, Hon. L. J. Taber, the master of the State Grange, will preside. The subject of the round-table discussion for this day will be "The Grange and the Farm." The subject will be discussed by F. A. Derthick, T. C. Laylin, T. B. Smith, R. W. Dunlap and Harry Caton.

The exercises on the second day will begin, as on the first, at 1:30 p. m. The round-table discussion will be followed by an address by C. M. Freeman, the secretary of the National Grange. At 2:30 p. m. Governor Willis is to arrive and address the guests at the reunion. The program will be concluded with the address of Hon. Oliver Wilson, the master of the National Grange.

The call of the state master for the reunion closes with these familiar words: "As soon as you get on the grounds go to Grange Hall. Take your friends with you. Feel at home. It is yours. Meet and greet old friends and offer the fraternal hand to our many new converts. Don't forget the good wife. She is the best granger, the best half in your partnership, the best farmer, and will see the most of the fair. But if you can't both come, stay at home and send her."

"Remember, Brother Patrons, the farmers of Ohio and America must feed and clothe the world. The hand of destiny has opened the door of opportunity. Go in and possess the land. The first move is to boost the

State Fair and the grange reunion. If you make it the greatest in the history of our state it will prove that you are fighting for agriculture and humanity."

# LEADER DIES IN HOT RACE AT CLEVELAND, O.

Cleveland, Aug. 10.—After leading the field of 2:30 trotters down to the half in 1:05 1-2 at Rockport yesterday, Ohio Bond dropped dead from choking soon after passing the stand. The horse, a 5-year-old by Red Medium, was owned by Charles Hayes of Columbus.

Ima Jay won this event, making her seventh consecutive victory in \$1,000 stake events this season. Lu Prince, a 4-year-old by San Francisco, won the 2:35 trot after a seven-heat battle, with Gum Drop, who was an equal favorite with Amazing Lady. Amazing Lady was distanced, and when it looked like a sure Gum Drop victory, the judges unseated Packer and put Charley Jamison up behind Lu Prince, and the Eastern colt won the sixth and seventh heats and the race.

# PLUMBERS' PICNIC SHOWMAN'S FARM THURSDAY AUG. 12

On Thursday, Aug. 12th, the Master and Journeymen Plumbers will hold their 6th annual picnic at Showman's farm, west of Newark.

The following plumbing firms will be closed all day in honor of the occasion:

Plumbers Local No. 271, Reinhold Plumbing and Heating Co., S. O. Teaff, Co., O. Nutter Co., Geo. T. Stream Co., O. D. Hollar Co., C. A. Bigbee Co., Nutter & Lee Co., Tancie Plumbing Co., Brown Plumbing Co., Hamshire Plumbing Co., John Allen Plumbing Co., Frank Woolard Plumbing Co., John Pryor Plumbing Co.

The public is hereby warned that if any pipes freeze and burst on Aug. 12th, to call a blacksmith.

"Dutch" Reinhold will leave his front door open, so in case of emergency come in and help yourself.

"Coop" Streams says to call him at the grounds and he will be right in on motorcycle.

"Slim" Nutter says he will come if necessary but be sure to send a hack.

The following committees have been appointed to see that nothing is lacking to make this a day of recreation and pleasure for all who attend:

Committee on shops and grounds: J. A. Pfeifer, H. Funk, B. Brown.

Committee on lunch: John Adams, J. A. Pfeifer, Wm. Daugherty, Chas. Edmunds.

Committee on refreshments: Fred McFarland, Bill Lang.

There will be many friends of the Master Plumbers from out of town attend and some will lecture on the different branches of the trade.

Andy Sang from Washington, Pa., will give a 30 minute talk and explain all the fine points of sanitary plumbing.

Prof. Wm. Leach representing the Standard Mfg. Co. will tell how he carried a brick from Newark to Columbus in his grip.

O. D. Hollar will speak through a "Social Vent" while "Coop" Streams puts on the "Smoke Test."

Cecil Bigbee will be there with his "Smoke Test" apparatus so you can be sure the woods will be free of mosquitoes.

The main event after dinner will be a grand ball game between the "Joint Wipers", journeymen vs. "Fire Pots" Masters. Two inch extra heavy to be used for bats.

The bases will be run in Jack Allens new "Ford."

Bill Shannon who has more control over a float ball than any man living and Jack Adams who will wear a chain tong around his neck for a breast protector will form the battery for the Joint Wipers. Dutch Reinhold and Stewart Teaff will be the battery for the "Fire Pots."

Jim Armstrong will keep the score on Son Lee's bald head providing the game don't run over 10 innings.

Bill Daugherty has been appointed Sanitary Policeman and will take charge of all arguments.

Remember the Day, Thursday, Aug. 12th, 1915.

Remember the place, Showman's farm, west of city.

Come out and stay all day.

The first section will leave at 7 o'clock, second section one hour later.—Press Committee.

# ANOTHER BODY WASHED ASHORE

(Associated Press Telegram)

Washington, Aug. 10.—The American consul at Cork has reported the finding of the body of M. W. Harvey, presumably a Lusitania victim, washed ashore on a small island off the Irish coast. The last Lusitania passenger list contained the name of William Harvey as a third cabin passenger.

# Denmark's Court Knows Nothing of Peace Offer

(Associated Press Telegram)

Copenhagen, Aug. 10.—Via London—Persons in close touch with court circles here declare that they know nothing regarding the peace offer alleged to have been made by the German emperor to the emperor of Russia, through the king of Denmark. The reported proposal was said to have involved the trade of a part of Poland for Galicia.

# WAIWERS ASKED ON ED SWEENEY

(Associated Press Telegram)

New York, Aug. 10.—The New York club of the American league has asked for waivers on Ed Sweeney for many years first catcher of that club. It was stated today, Sweeney joined the New York club seven years ago, is one of its veterans and a few years ago was regarded as one of the star catchers of the league.

# YEAR OF WAR HAS SAVED \$400,000,000 U. S. FARM INDUSTRY

HAULING SUGAR BEETS TO A KANSAS FACTORY

PORTO RICO SUGAR MILL

LOADING SUGAR IN HAWAII

For one American industry the European war has proved literally a life saver. This is the business of growing and making sugar, both from cane and beets. While sugar does not rank in size as an agricultural crop with corn or wheat yet the amount raised from American soil has reached large proportions, ranging from 3,000,000,000 to 5,000,000,000 pounds a year.

One peculiar thing about sugar is that it is grown in more different parts of American territory than any other crop. Cane sugar is the principal product of Louisiana, Hawaii, Porto Rico and the Philippine Islands while sugar beets are grown in sixteen states, from Ohio in the east to California in the west.

A year ago the industry of sugar production was on the decline. Following the action of Congress in reducing the duty on foreign-grown sugar and providing for its free admission after May 1, 1916, forty Louisiana mills and plantations had passed into the Sheriff's hands or had been disposed of at forced sale. A dozen beet sugar factories had closed their doors and it was expected that 1915 would be the last year during which sugar would be grown to any extent from American soil as growers declared that they could not meet the competition of sugar produced under the cheap labor conditions prevailing in tropical countries. Then came the war, locking up the export sugar supplies of Central Europe and causing Great Britain, France and other European countries to turn to the American market for the purchase of sugar. Prices advanced rapidly and the American sugar grower, instead of facing destruction was once more able to produce his crop at a profit. Sugar experts assert that prices will remain at a remunerative level as long as the war continues. Thus the European conflict has been responsible for saving, temporarily at least, an industry representing an investment of over \$400,000,000, and the crop of American grown sugar to be harvested during the present year probably will be of record-breaking proportions.

### The Advocate's Advertising School

LESSON NO. 4.

A great many books and magazine articles on advertising are published. Merchants and advertising writers read these works, with the hope of getting definite ideas. But they are frequently bewildered by too many learned terms, too much talk about psychology, perception, apperception, and other philosophical phrases.

When the business man talks to a single customer about some article, he has no trouble to express himself. In few words and plain every day language, he tells the customer the merits of his goods. He does not make big and unsupported claims.

Many advertising writers, when they take their pen in hand, think they have got to evolve from their brain some brilliant production of wit and humor. Instead, they should talk to the newspaper's thousands of readers just as they talk to the single customer over the counter. Pick out a few of their best bargains and attractive lines, and describe those goods so that the reader can get a good idea about them.

Many men persist in advertising in vague general phrases that convince no one. "The best is the cheapest." "You buy right when you buy of us." "Best styles and lowest prices in the city."

Claims like these unsupported by any facts are not very convincing. They help out sales, because any kind of advertising gives an impression that a merchant is wide awake. But more definiteness would be much more effective.

Here is another advertisement, printed here without indicating display of a certain brand of canned corn and beans, that sounds more like a real conversation, and the giving of real reasons:

Extra Care Used in Blending  
Only No. 1 Quality Corn and Beans Used  
Shells and Dirt Carefully Removed  
Adulteration never Permitted

Workmen Required to Be Scrupulously Clean.

A man who writes plain matter of fact copy like that need never spend a dollar on books on advertising. He is in a position to give lessons instead of receiving instruction.

Some of our speeding motorists may not be able always to run down a human being, but they can usually bag a dog or a chicken.

The trouble with the United States forces seems to be that the aeroplanes come down too easily, and the submarines come up too hard.

The House of Governors will soon meet for an extensive program in Boston, at which there will be much discussion of the best brands of cigars.

In view of the present threatening situation the next appropriation for national defense will probably provide something beside lawn mowers and shrub clippers for the army posts.

In the old days a fellow made himself attractive to the girls by saving up money and acquiring a bank account, but now he gets ahead faster by borrowing money and buying an automobile.

### TAKE A LOOK

If You Have Time

Give a boy a free ticket and he will demand the right to create a disturbance.

A man never devotes much time to wheeling his second baby around the block.

If you want it done, don't send a committee. Go yourself.

It is a woman can whistle she is pretty apt to be capable in other respects. Another thing about women is that freckles and good sense go hand in hand.

A woman can do more with a hair-pin than a man can accomplish with a full kit of carpenter's tools.

Still, you doubtless have noticed that most of those who claim to be "as good as anybody" aren't.

THE CORRECTIVE BORE.  
"Pardon me if I correct you," says the cultured critic-gink, "but I often-times detect you putting grammar on the blink. Lindley Murray's rules abusing, is, methinks, of crimes the worst, for our language grows confusing when presented hind end first." Often when I tell a story which I think should make a hit, some pale parist, grim and hoary, comes along and throws a fit "You had better be swatted," says he, and his voice is chill, "for in manner most besotted, you're confusing 'shall' and 'will.' Then the yarn that I was telling seems no longer good to me, and I sneak off to my dwelling, there to hide my misery. There are bores who're always seeking for a chance to set you right, and they butt in when you're speaking with a criminal delight, and they do a lot of yelling when you write, with patient toil, showing that your style of spelling doesn't follow rules of Hoyle. And these bores are always hated with a hatred deep and wide, and the people are elated when the news comes that they've died.

Some people think the war in Europe with the constant cannonading has created an unusual amount of work in this country, but so far the baseball managers have filed no claims for indemnity.

One of the best known ways to make money is to stick quietly to work at your trade and refrain from buying some of these war stocks sure to advance that the speculators are trying to sell us.

It is claimed the modern dances are making a lot of work for chiropodists, but probably not so much because of the exercise itself, as the fact that one's partner frequently has large and heavy feet.

The trouble with the state highway department and its failure to keep up the good work started under the Cox administration, is that all of the state officials under Willis are kept busy helping on the plans of that million dollar new office building to house the "unnecessary outside state departments" which Willis is going to build out of a fund created from the interest on the treasury "deficit" left by Cox. It's a shame they can't give us an office building and good roads at the same time—everybody knows that "deficit" of ten million dollars ought to have been big enough for both.

Official tax assessment returns made to the state tax commission by the authorities in the counties of Ohio are proving beyond doubt that the Warnes law is working efficiently even in the hands of its enemies. The indications are that the duplicate of the state will be increased in the sum of more than twenty millions of dollars, and this in the face of the fact that millions of dollars worth of intangible property has within the past year been turned into non-taxable securities. Viewing this it seems incredible that the people of Ohio could have been so misled in regard to the evident improvement in taxation.

More Starvation.  
Now the poor Haitians, too, are starving, like the Mexicans, because of the conditions created by their brigandish leaders. If these rogues could be forced into the starvation zone, and compelled to feel themselves the pinch of hunger, they might be willing to earnestly collaborate together for the interest of peace. A week for Carranza, Villa and Zapata, with nothing to eat, and but little water to drink, would reveal to their minds visions of the blessings of peace that would never dissolve.—Pittsburg Dispatch.

### Spirit of the Press

Now Is the Time.  
We have had too much talk about "hard times." We have thought too much for our own good about the "awful waste" of war elsewhere. It is awful, but it isn't wasting us. America is a good investment. Now is the time to back it. The returns will be ample. All we have to do is to have confidence in our own ability, our common sense and our destiny.—Chicago Herald.

Inevitable Conclusion.  
After reading the reviews of the first year of the war from all the standpoints we have come to the conclusion that each army is the bravest in the world, that God is with it and that it will fight until victorious. Sounds like peace, eh?—Saginaw News.

Mystery Solved.  
Now it is easier to understand why "most everybody wants to be president in Mexico. All he needs to do when he feels in need of money is to send to the United States and have a few millions printed.—Cleveland Leader.

Change Needed.  
Educationally we need hardly anything more than the general use of an arithmetic giving practical attention to farm problems. It is nothing less than disgraceful to have thousands and thousands of farm boys year after year studying problems in bank exchange, latitude and longitude, British money and the metric system of weights and measures, while they learn absolutely nothing about how to compound a fertilizer formula, estimate the values of different grades of fertilizer, nor have any problems in mixing rations for

### Righteous Scorn of a Whole People More Withering Than the Hardest Blow

By Dr. CHARLES L. SLATTERY, Rector of Grace Episcopal Church, New York City.

If this nation is called upon to make its protest against an inhuman deed it may be that there is a stronger way to protest than by war.

There is among individuals a moral indignation which is more withering than the hardest blow, as when the schoolboy is dropped by his fellows or as when the trickster is expelled from his club.

IT MAY BE THAT A NATION HAS A SHARPER WEAPON THAN WAR TO DRAW UPON A FELLOW NATION WHEN FOUL DEEDS ARE DONE TO HUMANITY. THAT WEAPON IS RIGHTEOUS SCORN, DRAWN NOT BY A MAN HERE AND THERE, BUT BY A WHOLE PEOPLE.

In a moment of bravado the miscreant may cry, "His blood be on us and on our children!" but the penalty which generations must pay is too staggering if once a nation is roused to imagine the consequences.

We live in a world where spiritual forces are dominant. The right only can win at the last, and the nation that will discover and use the FORCES WHICH ARE SPIRITUAL WILL BY ITS SERVICE TO THE NATIONS CONTROL THE WORLD, THOUGH IT SEEMS TO BE LOST. AMERICA HAS ITS UNIQUE OPPORTUNITY TO HASTEN A RIGHTEOUS PEACE.

A very enjoyable evening was spent last Saturday at the home of Mrs. U. G. Hamlin of Western avenue when Mrs. Carl Wise entertained with a linen shower for her sister, Mrs. Harry A. Lynn of Cleveland. The hours were devoted to games and music, Mrs. Edgar Farquhar winning the prize in the guessing contest. At a late hour a dainty repast was served to about twenty guests.

After spending a very pleasant week at the cottage "Rest Cure" at Buckeye Lake, the following girls have returned home: Misses Amanda Smith, Nellie Idle, Mina Smith, Gertrude McFarland, Madeleine Stoner, Grace Smith, and Mrs. McFarland, acting as chaperone.

On Thursday evening they entertained with a very pretty little party the following: Messrs. Donald Wright, Charles Pfeiffer, Lester Lucas, Walter Haller, Louis Mawrath and Mr. Montate of Toledo.

At a meeting of the Newark Chapter of the Daughters of the American Revolution, held Monday afternoon at the home of Mrs. S. C. Priest in North Fifth street, plans were formed for the improvement and beautification of the Sixth street tract known as the Old Town Grave Yard.

The plans include the unveiling of a headstone to the memory of Eldad Steele, a Revolutionary soldier, who is buried in the cemetery. It is also planned to beautify the grounds by planting shrubbery of various kinds over the tract.

The year's program, which was considered at this meeting, also included for future consideration, the securing of a figure of a "Minute Man" through the efforts of Congressman Ashbrook and have it placed in this tract. None of the plans would violate the recent court decision which held that the city retained title in the property so long as it was used for no other purpose than that for which it was decided to the city, a burying ground.

Today members of the D. A. R. feared that Service Director Christian's plans for construction of ornamental gate posts would not harmonize with their plans and the matter was to be taken up with the service director.

According to the details of the plans of the D. A. R. and of the city officials, as announced by each, there should be no conflict and the two proposed improvements could be made in conjunction without any clash of decorative scheme.

The ladies acted upon the suggestion of Hon. Edward Kibler made a month ago, before his departure on a trip through the west. This suggestion probably was made without knowledge of any proposed improvement by the city.

The Zenobia girls are entertaining this week at "Shady Nook" cottage at Buckeye Lake. Mrs. J. P. Graff and Miss Charlotte Simpson are chaperoning the following members: Misses Catherine Butler, Iva Gard, Josephine Hull, Ruth Hart, Bessie Irwin, Hazel Long, Frances Monnett, Leola Orr, Jessie Simpson, Mary Walker, and Miss Mary Walker of Martinsburg, West Virginia.

Mr. and Mrs. Enoch Myers entertained about forty of their friends at their home on Brushy Fork Tuesday evening, Aug. 3, it being their fiftieth wedding anniversary. Mr. and Mrs. Myers were married August 3, 1865, and to this union were born nine children. All were present with their families. The evening was spent in social conversation, and ice cream and

### Simple Way to Have Beautifully Wavy Hair

Lustrous, fluffy, wavy hair plays an important part in the scheme of beauty. A better iron should not be used to give the desired wave effect, for it destroys the life, lustre, and fluffiness of the hair. It is far better to use plain liquid shimmering, which curls the hair more effectively, more lastingly, and at the same time keeps it healthy, soft, "light" and glossy. It is beneficial instead of harmful, and it is such a simple thing to apply the liquid before retiring, using a clean tooth brush for the purpose and drawing this down the hair from root to tip. Very different from the tiresome, fussy, odorous curling iron method. Pure shimmering in liquid form may be found in any drug store and a few ounces will last a very long time. It is neither sticky nor greasy and leaves no sediment, spots or streaks. The hair will be quite manageable, no matter what the style of coiffure and it will stay in curl even in damp or warm, perspiry weather.

cake and lemonade were served. At a late hour all departed for their various homes, wishing Mr. and Mrs. Myers many more years of wedded life.

Mrs. Harry Granlich, of Cameron, W. Va., was the honor guest at an informal afternoon party given by Miss Clotilde Howard at her home in Clinton street on Monday afternoon. The home was arranged with garden flowers and luncheon was served. The guests were: Mrs. Harry Granlich, Misses Marion Collins, Amy Kuster, Dorothy Kuster, Bernice Wintermute, Margaret Moore, Alta Sherburne, Martha Sachs, Katherine Musser, Olive Howard and Vera Douce, of Delaware.

Miss Dorothy Kuster is entertaining with an afternoon party today, honoring Mrs. Harry Granlich, of Cameron, W. Va.

The members of the A. O. A. will be entertained this evening at the home of Dale Warner in West Locust street.

Miss Virginia Warner was hostess at a pretty afternoon party on Monday at her home in West Locust street, when she entertained out of compliment to her guest, Miss Helen Ashley of Chicago. It was a progressive salmagundi party, the prize for the contests being awarded to Miss Maxine Davis. Refreshments were served at tables placed on the porch. The guests were Misses Helen Ashley, Thelma Maze, Nellie Morse, Frances Lane, Lillian Seymour, Maxine Davis, Mary Long, Elizabeth Kibler, Frances Rutledge and Elizabeth Trot of Mt. Vernon.

**JONES-MITCHELL**  
At 11 o'clock Tuesday morning at the M. E. parsonage in North Fifth street, Rev. L. C. Sparks united in marriage Mr. Ed Jones of Frazeysburg, and Miss Laura Mitchell of this city. They were accompanied by the bride's mother. The groom is the son of Mr. and Mrs. Elias Jones of Frazeysburg and an employee of the Pennsylvania railroad at that place. The bride is the daughter of Mr. and Mrs. H. G. Mitchell of Allen street, and was formerly book-keeper at Evans Bros. meat market in East Main street. They will make their home for the present with the bride's parents, 22 Allen street.

Mr. and Mrs. W. C. Fouts of the Cherry Valley announce the engagement of their daughter Miss Iva May Fouts to Mr. Orville Fisher of Zanesville. The wedding will take place at noon on Wednesday, September 1, at the Neal avenue M. E. church. Miss Fouts was graduated from the Newark High school with the class of 1913. While Mr. Fisher is associated with his father in the furniture business in Zanesville under the firm name of Fisher and Son.

### Granville

[Special to The Advocate]  
Granville, Aug. 10.—The King's Daughters, one of the largest and most active organizations in Granville, were delightfully entertained last evening at the home of Mr. and Mrs. W. H. Chrysler in South Prospect street, where an unusually enjoyable session was held. Order was called by the president, Miss Lily Jones, who conducted the devotional service. The Bible study was in charge of Mrs. Alma Tight, and roll call was responded to by fifty members. Several important matters of business were disposed of notably the requests for aid from the baby camp at Columbus. The circle will send vegetables to the camp today, as requested, as well as flowers and vegetable seeds. On Friday, the 13th all who have flowers to contribute to the camp will carry them to the home of Miss Lily Jones in South Main street who will ship them. There will be another shipment of flowers on next Thursday, August 13. It was decided to hold a meeting and furnish a treat of ice cream, cake and confections to the inmates of the infirmary, next Friday afternoon. At the conclusion of the business, Mrs. Everett gave an interesting reading of the work of The King's Daughters at the Exposition at San Francisco. During the social hour, the guests enjoyed a fine Victrola program, and the hostess Mrs. Chrysler, Mrs. Freeman Chrysler and Miss Alieret Chrysler, assisted by Mrs. Harley Shirk served delicious refreshments. The next meeting will be at the home of Mrs. John Thomas in North Pearl street.

Mr. and Mrs. Dan Daub of Dayton, with their daughter, arrived in Granville yesterday as guests of the Buxton House. Mr. Daub attended Denison University in the '90's and was the phenomenal pitcher for the Denison baseball team which held the college championship for several years. He is renewing acquaintance with the old town where he witnessed many improvements. His wife and daughter are receiving their first impressions of the place all of which are pleasing.

Dr. W. A. Chamberlin and daughter, Frances spent yesterday in the Capital City.

Mr. H. S. Pack and little son of Chicago are spending the month of August with her parents, Mr. and Mrs. E. S. McCollum on the Newark road.

Rev. and Mrs. Millard Brelsford and two sons, Ernest and Charles, have returned from a week's visit at the old Brelsford farm near St. Paris, Ohio. Mr. Brelsford will attend the Assembly at Summerland Beach during the remaining two days, after which the family expects to finish the vacation period at Lake Chautauqua, New York.

Rev. Clarence W. Eddy of Indianapolis arrived in Granville last evening where he expects to spend a week or two at the home of his parents-in-law, Rev. and Mrs. C. N. Harford in Elm street, where his family has been sojourning for several weeks.

Mr. Ralph Lewis of Zanesville is a guest for a few days at the home of Mr. and Mrs. L. N. Lowe in Cherry street.

A large company of Granville people are in attendance at Summerland Beach Assembly today, helping celebrate Granville Day.

Mr. and Mrs. T. M. Kier moved from the Presbyterian parsonage on Broadway, yesterday, to their home at the corner of Elm and Cherry streets, where Mr. Kier has just finished a fine garage.

Burton Case is sending cards to last year's visitors to his peach orchard on North street, who registered in his visitors' book. Several hundred people failed to give their street numbers, but whether they receive cards or not, whether they have ever been there or not, all visitors will be made welcome. "Champions," the really beautiful peaches, will begin about August 16th, followed in close succession by the different varieties of yellow peach.

The following announcement was received by Granville friends of Mr. Boyd Chambers of Huntington, W. Va., formerly of Denison University, who was "grand stand" pitcher for Denison baseball team between the years '03 and '06:

### Hair Under Arms

Saturate the hair thoroughly with El-Rado, the sanitary, colorless liquid, wait a moment or two, then wash off with a little plain water. Every trace of hair will have vanished, leaving the skin as white and smooth as before. Drug stores and toilet counters sell El-Rado, 50c and \$1.00. Money back if not satisfied.

We will gladly fill your order by mail direct, in plain wrapper, if you will write, enclosing stamps or coin. For free booklet, full information and letters of prominent users, send a postal. Pilegrim Mfg. Co., 66 East 28th st., New York City. (C6)

In this city El-Rado is sold and recommended by: W. A. Erman, Frank D. Hall, R. W. Smith,

### What to Use and Avoid On Faces That Perspire

Skin, to be healthy, must breathe. It also must perspire, must expel through the pores, its share of the body's waste material. Certain creams and powders clog the pores, interfering both with elimination and breathing, especially during the heated period. If more women understood this, there would be fewer ruined complexions. If they would use ordinary mercolized wax, they would have healthy complexions. This remarkable substance actually absorbs a bad skin, also, enclosing the pores. The fresher, younger under-skin is permitted to breathe, to show itself. The exquisite complexion gradually peeps out, free from any appearance of artificiality. Obtain an ounce of mercolized wax from your druggist and try it. Apply nightly like cold cream, for a week or two, washing it off morning.

To remove wrinkles, use a marvellously effective treatment, which also acts naturally and harmlessly: Dissolve 1 oz. powdered salicylic in 1/2 pt. witch hazel and use as a wash lotion.

anced program offered and each of the performers received an enthusiastic recall. Mrs. Johnson was at her best in "My Ain Country" and "The Good Shepherd." Miss Rockwood in the "Romance," and "Sarabande." Miss Smith in "Joy With Sorrow" and the dainty "Serenade" by Drda, each was heartily applauded, and in the closing trio "Gallies," the three reached the climax of their truly excellent performance. Below is the program:

Trio, "O Savior Hear Me" (Gluck)—Mrs. Johnson, Miss Smith, Miss Rockwood.  
Violin, "Joy With Sorrow" (Tirringelli) Hungarian Airs—Miss Smith.  
Piano, "Romance" (Piscali); "Sarabande" (Ranrean-MacDowell)—Miss Rockwood.

Voice, "Twilight and Dawn" (Oley Speaks); "Jesus Only" (Rotoli)—Mrs. Johnson.  
Violin, "Nocturne" (Caopin-Sarsale); "Serenade" (Drda)—Miss Smith.  
Piano, "Wachstuche" (Schumann); "What the Forest Brook Babbles" (Poldini)—Miss Rockwood.

Voice, "My Ain Country," "The Good Shepherd" (Van de Water)—Mrs. Johnson.

Violin, "Romance and Rondo Elegant" (Wienanski)—Miss Smith.  
Voice, "Come Unto Me" (Handel)—Mrs. Johnson.

Piano, "Du Bist Die Ruh" (Hark, Hark, the Lark" (Schubert-Liszt)—Miss Rockwood.

Trio, "Gallies" (Whitney Combs)—Mrs. Johnson, Miss Smith, Miss Rockwood.

### Obituary

**Baby's Funeral.**  
The funeral of Florence Bell Pearson aged six weeks, daughter of Mr. and Mrs. Clarence Pearson of Madison township, who was found dead in bed Monday morning at an early hour when the father and mother arose for their day's work, took place this afternoon. Interment was made in Cedar Hill cemetery.

**Mrs. Harry E. Meyers.**  
Word has been received here of the death of Mrs. Harry E. Meyers in Cleveland on Sunday night after a long illness. Mrs. Meyers was a sister of Mrs. Charles E. Kirk of North Fourth street, who has been in Cleveland for the past week. Mr. Kirk left for Cleveland Monday night.

**Eula Hathaway.**  
Eula Hathaway, aged 10 years, daughter of Edward Hathaway of Ashland, O., died Monday at Chambersburg, Pa., according to a telegram received by Mrs. Mary Hurlbutt, 67 Union street, the child's grandmother. The body will be shipped to Newark and will be received by T. A. Hazler, funeral director, 15 East Church street. No funeral arrangements have been made. The little one's mother died several years ago.

**Mrs. Margaret Glenn Stewart.**  
The body of Mrs. Margaret Glenn Stewart, the widow of J. C. Stewart, former residents of Newark, arrived Monday night at 8:25 o'clock from her home in Lincoln Neb., where she died last week. It was taken at once to the home of L. N. Bradley where funeral services were held this afternoon. Burial was made at Cedar Hill cemetery. Accompanying Mrs. Stewart's body was a metal case containing the remains of her husband who died from injuries received in a railroad accident March 16, 1895. Mrs. Stewart's body and the remains of her husband, were buried side by side at Cedar Hill.

**Mrs. E. E. Stickle.**  
Mrs. Maude Layman Stickle, 23 years old, wife of E. E. Stickle residing east of St. Louis, died Monday evening at 6:45 o'clock at the City Hospital following an illness which began about June 1. In the two months following that date, Mrs. Stickle was operated upon five times.

Maude Layman was the daughter of Mr. and Mrs. James Layman of Washington township and was born Aug. 5, 1892 in the township. She was married thirteen years ago to E. E. Stickle. Her husband, her parents and one son survive. A daughter died several years ago.

Funeral services will be held at Eden Chapel at 11 o'clock Wednesday morning. Interment in the cemetery adjoining the chapel. Rev. Mr. Walker will officiate.

**Miss Anna Smith.**  
Miss Anna Smith, age 38, daughter of Mrs. Mary H. Smith, of Hebron, died at St. Ann's Hospital in Columbus on Monday morning at 12:45 o'clock, after an illness of three years of tuberculosis.

**Make Your Own  
BUG KILLER**

You can easily make at home full quart of best and safest instantaneous bug killer, enough to kill a million bed bugs, ants, roaches and fleas, for 25¢. Entirely different from other preparations sold as bug killer, as the recipe will not rot, burn or stain the clothing. Strange to say this chemical is not classed as a poison and can be used on animal life with safety to rid your pet dog of fleas.

Procure your druggist about two ounces or a 25-cent package of P. D. Q. (Pesty Devils' Quietus). Insist on what you ask for, then you will have this peculiar chemical, lately discovered, that will put the everlasting to the bugs and their eggs. This new chemical, P. D. Q., will rid the worst infested house of the pesky devils and at the same time destroy the future generations, as it leaves a coating of their eggs and prevents hatching.

Impossible for bed bugs, ants, fleas and roaches to exist with the proper use of P. D. Q. Your druggist has it or he can get it for you.

**COMPLAINTS**

MADE THAT CARRANZA AGENTS MAKE HEADQUARTERS ON AMERICAN SOIL.

Where They Are Charged With Fomenting Trouble Among Maytorena's Soldiers.

(ASSOCIATED PRESS TELEGRAM)  
Douglas, Ariz., Aug. 10.—According to advices received today from Nogales, Ariz., complaints have been made to the United States authorities there of activity of agents of the Carranza government who are said to be making their headquarters on the American side of the international boundary line across from Nogales, Sonora. The complaints assert that the Carranza agents have been trying to stir up trouble among the forces of Governor Jose Maytorena who are defending the Sonora town against the Carranza troops under General P. Elias Calles.

As a result of the complaints, the dispatch says, the United States army officers have set a closer watch on the border line. Hunger demonstrations have occurred again among the populace of Hermosillo, capital of Sonora and similar movements

are said to be expected at Guaymas. Most of the suffering is in the smaller towns and country districts where the men are away fighting.

who is careful to protect himself in money matters, is careless about health—his most valuable asset.

For many, coffee drinking silently undermines health, because each cup contains about 2½ grains of the cumulative, harmful drug, caffeine.

Five to six grains of caffeine will kill a rabbit or a cat, and repeated daily will cripple a man.

How cripple a man? The caffeine, little by little, causes hardening of the arteries and premature old age, showing more in some than in others.

Some of the symptoms of caffeine poisoning are headache, nervousness, biliousness, heart flutter, sleeplessness at night, and "fag" after coffee's reaction in the daytime.

The way to avoid all coffee troubles is to leave coffee alone and use

**MEXICAN TOWN  
ADVERTISES ITS  
GAMBLING CASINO**

John Kerrigan, headquarters fireman, on a "See America First" trip which is taking him through the great west, has sent to the Advocate from San Diego, Cal., a copy of the Evening Tribune of that city, in which Kerrigan marked an advertisement occupying four full columns of space, telling of the naughty entertainments offered by the town of Tijuana, Mex., just over the southern boundary of California.

The feature of this advertisement is the announcement that Tijuana's \$10,000 gambling casino "may be seen in full blast." It is advertised as the Mexican Monte Carlo and the text of the ad declares that every known gambling device will be found in operation.

As side attractions, bull fights, cock fights, Mexican cabarets and a special feature of "100 lovely dancing girls" are announced to lure the tourist and his good American gold, across the line where a new revolution springs up with every change of the moon.

"If you're lucky, you go home rich. If you lose, a dollar or so won't hurt you," says the advertisement. "You'll be surprised," it continues, "startled, shocked, but you'll have the time of your life."

"Mr. Family man, you can take the wife and kiddies too. They'll be safe, perfectly safe. Let Mexico entertain them before you take them back home. She'll do it lavishly. Let them absorb the true spirit of this land of mystery, sentiment and intrigue. Spend a day in Mexico, the Mexican way. You'll remember it a long time."

Since the receipt of this paper with this particular advertisement marked, friends of Kerrigan remember that a recent post card bulletin from him, gave the information that he had seen a bull fight and lots of pretty girls. Whether the card was written after Kerrigan read the advertisement can not be stated, but as Kerrigan declared his intention of seeing everything worth seeing, it is not improbable that he fell for the lure of the advertisement, and gave the casino, the cabarets, the 100 pretty girls and the cock fights the once over at least.

Headquarters firemen will insist upon a detailed account of Kerrigan's trip to Tijuana, Mexico, when he returns a month or two hence.

**COUNTY BOARD  
COMPLAINS OF  
PRESENT ROOM**

The following complaint is made of the present quarters of the county board of education by the superintendent, E. V. Jordan:

Newark, O., Aug. 9, 1915.  
To the Patrons of Licking County Public Schools:—

I am frequently asked two questions and in view of this I shall venture an answer to both and for the first time put our needs up to the source of all power so far as I or any other public official is concerned:

Why must the county board of education and the county superintendent put up with the miserable quarters provided for them by the county commissioners?

What sort of office would be suitable for the duties of the county department of education?

The county board of education must put up with such wretched office rooms because the law says that the county commissioners and not the county board of education must furnish them room.

In answer to the second question I would answer that the need of the county department of education is a suite of two rooms, one to be a lobby or general meeting room, the other for executive business or private conversation.

Now that the conclusion will be honest I will tell why the present quarters are bad.

They are dark. They are close to the basement closets. A rest room is about to be put in the same place. Two organizations frequently get in here together. The floor is too close to the ground. In the spring and autumn months when the heat is not going it is cold and damp. If these are not enough there are some other things that I do not like to put in this article.

Why all this?

I would solicit the support of the parents of the 6400 school children under their care that the county board of education might have better quarters commensurate with the dignity of the department which is equal to any of your county departments.

Yours very truly,  
ELMER W. JORDAN,  
County Superintendent of Schools.

**THREE ARRESTED  
FOR BIG THEFTS  
FROM EXPRESS CO.**

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Aug. 10.—With three men under arrest here today, one of whom is said to have confessed, detectives for the Wells-Fargo Express company claim to have uncovered a system of thefts through which the company has been robbed of merchandise totalling nearly \$200,000 within the last 12 years.

The men under arrest are Frank Wilson, who is alleged to have disposed of the stolen goods; Benjamin Watkins, an employee of the express company and a man known to the police only as the "Mysterious man."

**MAKE THE ROADS BETTER**  
BY JESSE TAYLOR  
Editor of "Better Roads and Streets"

Cut the weeds.

Road maintenance must be continuous and systematic.

Haphazard work is expensive and unsatisfactory.

A careless and unskilled operator of a road grader usually leaves the road in a worse condition than when he commenced work.

Do not drag a dry road.

Better let the automobile blow the dust over the fence than to drag it up into the middle of the road.

In the case of dust, mud and weeds, the neutrality law may be violated with propriety.

Officials, and especially inspectors, should not permit the taxpayers to be imposed upon.

When a hole or a rut appears, go fix it.

Just now many of our roads are slimy with oil. A sufficient quantity is a good thing to prevent dust, but putting on too much is a waste of money.

A road roller and a scarifier are each indispensable in the repair and maintenance of public roads.

The speed artist has no legal right upon the public road.

Hill climbing contests should not be permitted to be conducted on public roads.

Repair and maintain, for "a

stitch in time save nine" is highly applicable to both roads and streets.

Get at it with a road scraper and cut the sod off of the sides of your roads and let the water away.

County road officials must get together and determine upon a practicable plan for repair and maintenance—free from graft or pension—and one that will give a dollar's worth of service for each dollar expended.

Water and clay, or ordinary earth, when mixed invariably form mud. Keep all of these off of the surface of the road.

Keep your road free from water and dry if you expect it to remain hard, smooth and free from mud and slush.

Keep the holes and ruts filled and crowned with a slope toward the side ditches and the water will not collect along the road and soak into it.

How about your ditches? Are they free from weeds, or are you going to permit them to choke up and dam the water back along the road.

Build culverts so that the water will, of necessity, flow through them and not find a way around or beneath them.

If your culverts have not been properly built then tear them out, put in new ones and save the roads.

**FIERCE**

RESISTANCE OF RUSSIANS DEFEATS RANKS OF AUSTRO-GERMAN VICTORS.

Who Are Pushing Gradually Forward — Fighting Has Been Continuing For Five Days.

(ASSOCIATED PRESS TELEGRAM)  
Geneva, Switzerland, Aug. 10.—(Via Paris.)—A dispatch to the Tribune from Innsbruck, Austria, says that in the recent fighting along the section of the eastern front, running from the Pissa river to Ostrov, northeast of Warsaw, the Germans lost 65,000 men in killed or wounded, but succeeded in capturing the principal fortified positions of the Russians.

The engagements in the vicinity of Novogorodivsk, the dispatch says, have been continuous for five days, and the Germans have occupied the northern portion of the defenses of the surrounded fortresses. The Russian garrison depends mainly upon bayonet charges as artillery ammunition is lacking.

North of the Lublin-Chelm railroad the battle continues to the advantage of the Austrians and Germans. In the region of Novo Alexandria, on the Vistula, south of Ivangorod, the Russians are offering fierce resistance, inflicting heavy losses on their opponents.

Remains.

A negro died without medical attendance, and the coroner went to investigate.

"Did Samuel Williams live here?" he asked the weeping woman who answered the door.

"Yussah," she replied between sobs.

"May I see the remains?" asked the coroner.

"I is de remains?" she answered proudly.—Young's Magazine.

**"GETS-IT"—Nothing  
Else—"Gets" Corns**

First-Class Druggists Recommend It.

Look out for "corn remedies" which are made up to resemble "GETS-IT" in either name or package. There is only one "GETS-IT." Its name is G-E-T-S-I-T. Watch the spelling. Every druggist in the country sells "GETS-IT" because the millions of people demand it. Progressive, first-class druggists know there's nothing "Just as good."

**His Misfortune.**

A horse dealer sold a horse to a farmer, assuring him it was a beauty, without a single fault. The farmer met the dealer some time after, and said, "I consider you fairly swindled me with the horse you sold me, and I must have compensation."

"Oh," said the dealer, "what's the matter with him? He is just what I said he was, ain't he?"

"No," said the farmer; "you said he was without a fault, and the horse is stone deaf."

"Well," said the horseman, "that isn't his fault—that's his misfortune."—Weekly Telegraph.

## "Over The Wire"

(By Dorothy Clarke)

Did Mildred tell you we had a regular spree the other day? . . . We motored in and saw two Fashion Shows, and think of it . . . I didn't buy a single solitary thing . . . Isn't that marvelous? . . . Mildred came home bankrupt . . . She got a perfect dream of an afternoon gown and some hats and an evening gown . . . The afternoon dress was especially stunning . . . It was made of black and white striped nylon . . . The skirt is shirred at the waist, so that

the black stripes form a solid black effect around the hips . . . Four large edgewise of net are inserted at the hem, on which the linen ruffles are sewed . . . The same sort of ruffles trim the net fichu and edge the long loose net sleeves . . . My head is just bursting with new ideas . . . Just wait until I start on my fall wardrobe . . . There is another fashion show at Cream's, starting next week . . . Shall we go in together? . . . I'll call up later and let you know what day . . . Good-bye . . .

## IMPROVEMENTS FOR OLD GRAVE YARD TO BE MADE SOON

Service director Christian has completed plans for the improvement of the Sixth street tract known as the old cemetery, which will conform in every way with the decision of the supreme court which gave the city title to the property so long as it was used as a cemetery.

Ornamental gateposts will be placed beside each of the walks entering the property. On these posts will be bronze tablets bearing the inscription "Old Town Grave Yard" with the dates of the first and last burials.

These costs will be 21 inches square and will be instructed of brick with concrete bases and canopies. The concrete work will be turned out by the Wyeth Scott company. The bases will be of granite-faced concrete while the top pieces will be of special brick, made in accordance to the drawings of City Engineer Wells. The brick will be the newest product of the Vogelmeier Brick Company, a new face brick the first to be manufactured by this concern. The bronze tablets will be the work of the Hoffman Plating works and as all the labor will be that of Newark, men the improvement when completed will be a Newark product exclusively.

Instructions have already been issued to clean off the base of the fountain and place it in operation and this will be done this week.

## SUMMIT STATION

## In Milady's Boudoir

By Gwen Sears

Don't narrow your eyes when you wish to be impressive. If you draw your mouth into a "button" and allow deep lines to pucker between your eyes you will acquire an habitual cross expression. Your wrinkles will come soon enough, without hurrying them. The woman who learns to look about with a serene and quiet countenance, and smiles when there is something to smile at, preserves her beauty for many years. Look with interest at the person speaking to you, but preserve your own expression quite unchanged.

Learn to avoid the lip biting, eyebrow raising and eye narrowing habits. If you have already been unfortunate enough to acquire wrinkles, massage them daily with cold cream and try to spirit them away. The following recipe is reliable and will not make the hair grow on the face. Have your druggist mix these ingredients: One ounce white wax; one ounce spermaceti; two ounces lanolin; four ounces sweet almond oil; two ounces coconut oil; two ounces orange flower water; thirty drops tincture benzoin.

When you massage the wrinkled skin punch it quite gently crosswise of the line of the wrinkle. Do not leave the cold cream on overnight, as it will make the facial muscles flabby. Plenty of cold cream will be absorbed by the pores during the massage. You must wipe away the rest with a soft cloth and then wash the face in cold water.

This will remove any destructive accumulation of dirt and close the pores afterwards. The effect on the skin is not one of overaction, but of stimulation. When your skin is soft once more do not spoil the whole value of your care by allowing the unpleasant thought wrinkles to mar it again.

## Your Boys and Girls

To amuse the kiddies on rainy days cut numbers off of old calendars and paste to small blocks of wood, on the other side put a staple tack. Make a fishing pole out of a stick, a piece of string, and a bent pin for a hook. Place the blocks on the floor with the numbers down and let each child fish in turn. The one getting the highest number added together after so many turns, wins the game.

Provide each one of the children with a card cut from Bristol board, a toothpick and a stick of gum. Tell each to chew the gum and when soft, to transfer it to the card and with the toothpick model a pig. Give a prize to the one who models the best pig.

Why this man bought a

## Remington Junior Typewriter

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I just happened to see for the first time the Remington Junior, and found it to be the very thing I wanted; and that was a typewriter built simpler and not incumbered with fixtures not needed for writing ordinary manuscript or letters."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. But his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high-grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

"A Simplified Remington" describes it exactly.

And its price is

\$50.00

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy payment terms can be arranged if desired.

## SESSIONS BECOME MORE ENJOYABLE AT SUMMERLAND

(By W. A. Holmes.)

Summerland Beach, Buckeye Lake, Aug. 10.—This morning dawned bright and clear and everybody at Summerland Beach put on his best smile. The copious rains had laid the dust and refreshed the atmosphere, grass and foliage of the trees. The quiet sparkling lake proved very inviting to early bathing parties.

The lectures in the auditorium began at 7:30. Mr. Magnus Burgess of Detroit, Mich., proving himself a master in the solution of Young People's societies problems.

Rev. Seldon Roberts of Franklin, Indiana, the Bible school lecturer in the advanced grades work, was at his best in his subject, "What is Teaching?"

At the same hour, Mrs. J. H. String was beginning her course of lectures in the lecture room in the Dormitory building, taking as her subject "Giant's Energy and Fairy Skill."

Dr. W. O. Carver gave the second of his lectures in the Bible course, on the subject of "The Gospel of the Holy Spirit." "Witnessing from the Jerusalem Center" being his theme for today.

Dr. Carver is a specialist, occupying as he does the chair of Comparative Religion and Missions, in the Southern Baptist Theological Seminary at Louisville, Ky.

Mrs. String's Children's hour is much enjoyed by the children and they are making plans for their part in the entertainment next Thursday afternoon.

Mrs. Hallie Hill, an officer in the Women's Federated Missionary Organization and worker in the Methodist Episcopal church, today gave her first lecture on the general subject "Home Missions in Action." Her theme for today will be "A National Force."

Miss Strauss has been very pleasing in her method and plan of work with the chorus. Her leadership at the song service at each lecture period has been inspiring to all.

Mrs. Daniel Shepardson, Jr., entertained at her room on the first floor of the Dormitory building today, explaining Hindu fashions and customs.

The vester services at 6:15 are attended by many each evening. Rev. A. A. Nellis was the leader last evening.

The illuminated boat carnival to be given this evening on the lake, immediately after the concert by the Swanee River Quartet is creating much interest.

The several groups and clubs are planning beautiful decorations for their boats.

This carnival promises to be a very interesting feature of our Chautauqua. Four prizes have been offered for the most beautifully decorated boats.

Many people formerly of Ohio, now of other states, are enjoying a few days at the Assembly, meeting old friends. Among these are J. A. Snodgrass and family of Carnegie, Pa. Bro. Snodgrass was pastor of the First Baptist church at Portsmouth, O. for many years and was closely allied with the Assembly when the sessions were held at Hiawatha Park, Mt. Vernon.

Mr. A. R. Pollack and family, formerly of Byesville, now of Butler, Pa., are welcome visitors.

Prof. and Mrs. A. C. McNeill and three sons of Washington, D. C., are also among those registered from a distance.

Rev. H. C. Huston of Iowa brings greetings from his state.

Dr. Lincoln McConnell gave his lecture "The Fountain of Youth" to a large and appreciative audience last evening. Dr. McConnell was with us last year and would be a welcome addition to any Assembly program.

### MAXIM INVENTION PROTECTS AGAINST POISONOUS GASES

(Associated Press Telegram)

Paris, Aug. 10.—Hiram Maxim is credited by the London correspondent of the Petit Parisien, with having invented a simple and inexpensive contrivance to protect soldiers from the effects of deadly gases employed in battle. This device is designed to cause the gases to rise and pass over the heads of the men against whom they are directed.

### NEWARK CHILDREN IN PICTURE GET AWARD OF HONOR

The press throughout the world is announcing the full awards of the jury of the art department of the Panama Pacific International Exposition. Among those honored is H. M. Walcott who is awarded a silver medal for his painting "The Cotillion."

This picture for which Newark children posed, was viewed by Newark people a few years ago in Mr. Walcott's suburban summer studio, south of the city. Since then, the picture has been exhibited in all the leading art exhibitions of this country but recently returned from an international exhibition in Rome, which exhibition was opened as a customary by His Majesty, the King of Italy.

"The Cotillion" was inspired by the watching of the children's dancing class of Miss Kathryn Simonds, and the members of the class, fifteen in number, posed for the picture.
